

FOR IMMEDIATE RELEASE

One of Tucson's Most Progressive Employers

TUCSON, AZ – Tucson based, Paragon Space Development Corporation was awarded the 2006 Workplace Excellence Grand Prize Award for Small Business in the Tucson area on February 15, 2006. Top companies from all around the Tucson area were nominated by the Arizona Society for Human Resource Management (SHRM) State Council for their exceptional and innovative human resource practices.

The annual awards event, which was held at the Westin La Paloma, is dedicated to recognizing companies that have been nominated by their employees or members of the community for their exceptional employment practices.

“We at Paragon are committed to developing our employees’ skills and helping them successfully reach their professional and personal goals.” Taber MacCallum, CEO Paragon Space Development Corporation.

Paragon is a leader in life support, environmental control and thermal control systems designed for extreme environments such as space.
